

Truck-mounted mobile personnel lifting platform

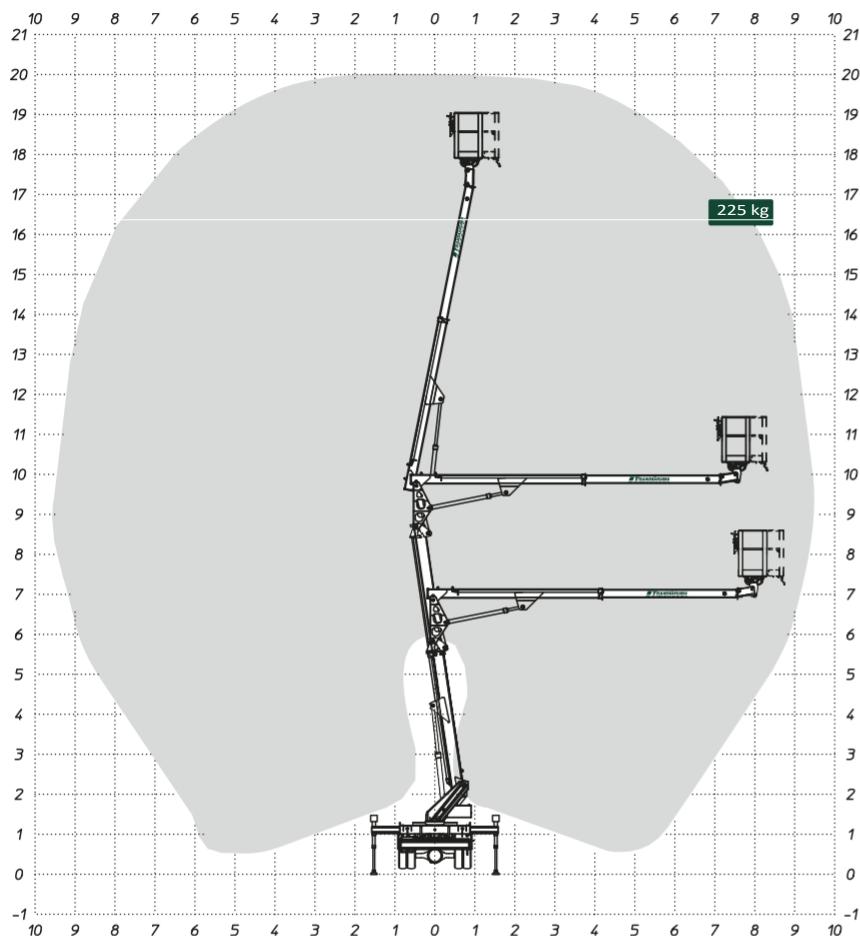

MEWP 20M

A lightweight 20-metre truck-mounted aerial work platform, ideal for maintenance, installations and urban work. Its articulated boom allows it to clear obstacles and position the basket with precision, offering remarkable lateral reach for its class and optimised stabilisation for operating in confined spaces.

Compact 20-metre aerial work platform for urban work: long reach with D-shaped stabilisers and excellent manoeuvrability in narrow streets.

Technical information

Working height (max.)	19.90 m
Platform height	17.90 m
Horizontal working reach (max.)	9.60 m
Basket load capacity (max. weight persons)	225 kg 2
Rotation range	380°
Maximum permissible wind speed	12.5 m/s
Basket / Work platform	Multitel
Total weight	3,425 kg

Dimensions in transport mode

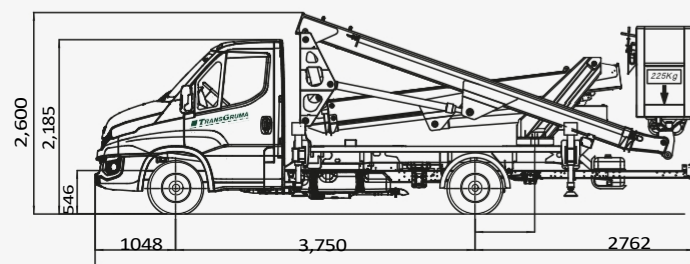

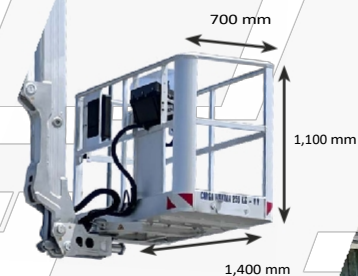

Length	7.56 m
Width	1.84 m
Height	2.60 m

Support system – Stabilisers

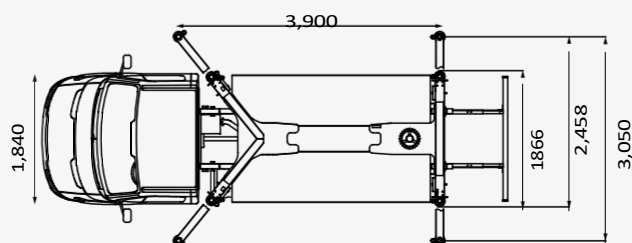

Maximum width between stabilisers	3.05 m
Width of stabilisers on one working side	2.45 m
Length between front and rear stabilisers	3.90 m

Work platform

(see technical information on page 24)

7,560
