

EXTRA JIB

15m

Truck-mounted mobile personnel lifting platform

MEWP 70M XR

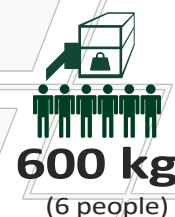

Special for
the
INDUSTRY

EXTRA JIB: 15M

Dual-purpose truck-mounted aerial work platform for industrial maintenance work at height: **70 m** working height and **38 m** horizontal reach. Its **dual jibs** improve manoeuvrability in complex areas and enable it to clear obstacles. Mounted on a standard vehicle, **requiring no special road permits**.

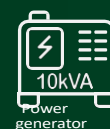

Applications in the industrial sector

- Inspection of industrial building roofs
- Industrial maintenance
- Chimney replacement
- Transformer maintenance
- Replacement of telecommunications masts
- Repair of telecommunications and high-voltage pylons
- Inspections and repairs in the petrochemical industry
- Maintenance of asphalt or concrete plants
- Maintenance of hydroelectric dams

Specially designed for the industrial sector: double jib (1 m) with auxiliary equipment to speed up operations.

Optional equipment:

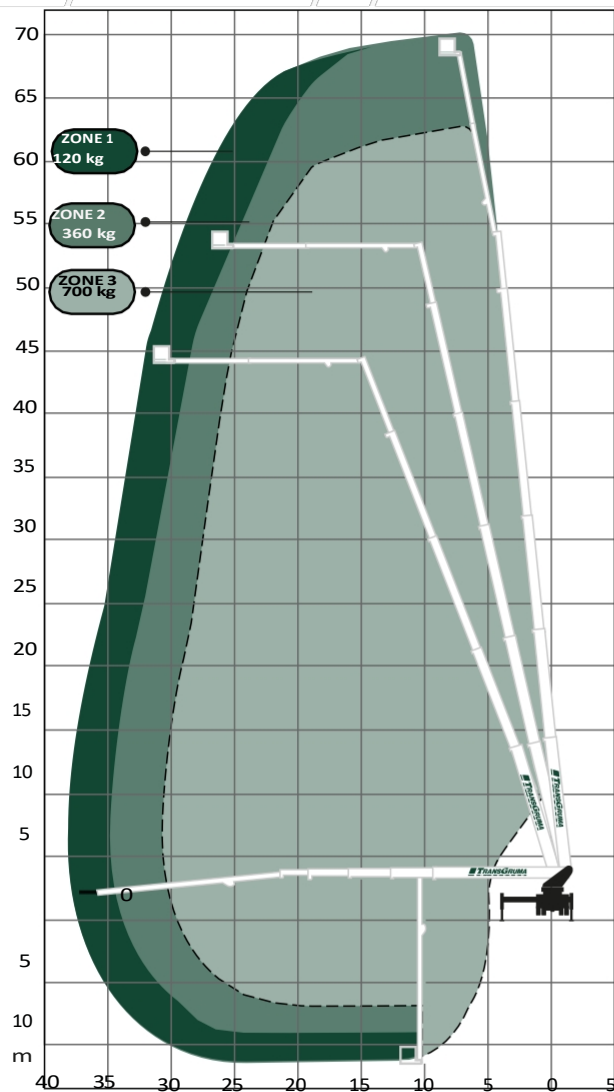

Electric drive

HYBRID

Online technical data sheet

* Check the availability and price of optional/auxiliary equipment.

Technical information	
Working height (max.)	70 m
Platform height	68 m
Horizontal working reach (max.)	38 m
Basket load capacity (max. weight persons)	600 kg 6
Rotation range	± 280°
Maximum permitted wind speed	12.5 m/s
Anchoring system	EN 795
Operating decibels	< 85 dB
Work basket / platform	Bronto
Total weight	31,500 kg

Dimensions in transport mode	
Length	12 m
Width	2.50 m
Height	3.95 m

Support system – Stabilisers	
Maximum width between stabilisers	8 m
Width of stabilisers on one working side	5.25 m
Length between front and rear stabilisers	6.7
Max. ground pressure per support plate (950 × 750 × 50 mm)	3.3 kg/cm ²
Maximum ground reaction of the support legs	235 kN
